MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of August, the Department of Human Services received 5,609 applications for Aid to Families with Dependent Children, a decrease of 19 (0.3 percent) from the number received during July. In comparison with the number of applications received during August of the preceding year, there was a decrease of 30 applications (0.5 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,722 AFDC applications during August. This number was 49.4 percent of the total applications on hand.It compares with 44 percent of the total number on hand for which investigations were completed during the preceding month and 52.3 percent for which investigations were completed during the same month of the preceding year. Three thousand seven hundred and seven (64.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during August, in comparison with 3,165 applicants (67.4 percent of those investigated) approved the preceding month and 3,560 applicants (57.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 17.1 percent over the number approved in July, and an increase of 4.1 percent over the number approved in August 1987. The rate of approvals for the AFDC Program decreased from the preceding month by 2.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 7.2 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during August amounted to $11,584,522.00. This was an increase of 2.2 percent over the amount of money payments for July, and an increase of 11.4 percent over the money payments for August of the preceding year.Payments were made for 67,745 families with 127,886 children at an average grant of $171.00 per family and $90.58 per child. The average grant increased over July by $2.34 per family and $0.86 per child. In comparison with the same month of last year, the average grant showed an increase of $14.62 per family and an increase of $5.89 per child.

CASES CLOSED One hundred and seventy nine AFDC cases were closed during August, a decrease of 42.4 percent from the July closures. In comparison with the same month of the preceding year,the closures showed a decrease of 93 percent. Seven (3.9 percent) of the AFDC cases closed during August were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One hundred and seventy two (96.1 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

APPLICATIONS RECEIVED During the month of October, the Department of Human Services received 4,676 applications for Aid to Families with Dependent Children, a decrease of 436 (8.5 percent) from the number received during September. It compares with 45.6 percent of the total number on hand for which investigations were completed during the preceding month and 47.8 percent for which investigations were completed during the same month of the preceding year. Three thousand two hundred and twenty-three (63.5 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 3,199 applicants (63.8 percent of those investigated) approved the preceding month and 3,368 applicants (63.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 0.8 percent over the number approved in September, but a decrease of 4.3 percent from the number approved in October 1987. The rate of approvals for the AFDC Program decreased from the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.3 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during October amounted to $11,746,132.00. This was an increase of 0.4 percent over the amount of money payments for September, and an increase of 13.4 percent over the money payments for October of the preceding year. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of November, the Department of Human Services received 5,134 applications for Aid to Families with Dependent Children, an increase of 458 (9.8 percent) over the number received during October. In comparison with the number of applications received during November of the preceding year, there was a decrease of 471 applications (8.4 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,030 AFDC applications during November. This number was 47 percent of the total applications on hand. It compares with 47.6 percent of the total number on hand for which investigations were completed during the preceding month and 45.7 percent for which investigations were completed during the same month of the preceding year. Three thousand two hundred and ninety (65.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November, in comparison with 3,223 applicants (63.5 percent of those investigated) approved the preceding month and 3,302 applicants (63.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 2.1 percent over the number approved in October, but a decrease of 0.4 percent from the number approved in November 1987. The rate of approvals for the AFDC Program increased over the preceding month by 1.9 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.2 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during November amounted to $11,722,005.00. This was a decrease of 0.2 percent from the amount of money payments for October, but an increase of 13.6 percent over the money payments for November of the preceding year. Payments were made for 68,445 families with 128,969 children at an average grant of $171.26 per family and $90.89 per child. The average grant decreased from October by $0.47 per family but increased $0.05 per child.In comparison with the same month of last year, the average grant showed an increase of $15.19 per family and an increase of $6.41 per child.

CASES CLOSED Two thousand six hundred and sixty-eight AFDC cases were closed during November,an increase of 166.5 percent over the October closures.In comparison with the same month of the preceding year, the closures showed a decrease of 6.6 percent. One hundred and seventy-two (6.4 percent) of the AFDC cases closed during November were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand four hundred and ninety-six (93.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of December, the Department of Human Services received 4,430 applications for Aid to Families with Dependent Children, a decrease of 704 (13.7 percent) from the number received during November. In comparison with the number of applications received during December of the preceding year, there was an increase of 364 applications (9 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,074 AFDC applications during December. This number was 50.2 percent of the total applications on hand. It compares with 47 percent of the total number on hand for which investigations were completed during the preceding month and 53.5 percent for which investigations were completed during the same month of the preceding year. Three thousand four hundred and eighteen (67.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December, in comparison with 3,290 applicants (65.4 percent of those investigated) approved the preceding month and 3,653 applicants (66.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 3.9 percent over the number approved in November, but a decrease of 6.4 percent from the number approved in December 1987. The rate of approvals for the AFDC Program increased over the preceding month by 2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during December amounted to $11,788,852.00. This was an increase of 0.6 percent over the amount of money payments for November, and an increase of 14.7 percent over the money payments for December of the preceding year. Payments were made for 69,249 families with 130,462 children at an average grant of $170.24 per family and $90.36 per child. The average grant decreased from November by $1.02 per family and $0.53 per child. In comparison with the same month of last year, the average grant showed an increase of $14.47 per family and an increase of $6.04 per child.

CASES CLOSED Two thousand five hundred and twenty-two AFDC cases were closed during December, a decrease of 5.5 percent from the November closures. In comparison with the same month of the preceding year, the closures showed a decrease of 3.4 percent. One hundred and ninety-one (7.6 percent) of the AFDC cases closed during December were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand three hundred and thirty-one (92.4 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of January, the Department of Human Services received 5,835 applications for Aid to Families with Dependent Children, an increase of 1,405 (31.7 percent) over the number received during December. In comparison with the number of applications received during January of the preceding year, there was an increase of 107 applications (1.9 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,183 AFDC applications during January. This number was 47.7 percent of the total applications on hand. It compares with 50.2 percent of the total number on hand for which investigations were completed during the preceding month and 43.4 percent for which investigations were completed during the same month of the preceding year. Three thousand four hundred and ninety-five (67.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 3,418 applicants (67.4 percent of those investigated) approved the preceding month and 2,994 applicants (65.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 2.3 percent over the number approved in December, and an increase of 16.7 percent over the number approved in January 1988. The rate of approvals for the AFDC Program remained the same as the preceding month but if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.7 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during January amounted to $11,833,545.00. This was an increase of 0.4 percent over the amount of money payments for December, and an increase of 14.4 percent over the money payments for January of the preceding year. Payments were made for 69,720 families with 131,366 children at an average grant of $169.73 per family and $90.08 per child. The average grant decreased from December by $0.51 per family and $0.28 per child. In comparison with the same month of last year, the average grant showed an increase of $14.32 per family and an increase of $6.20 per child.

CASES CLOSED Two thousand three hundred and forty-one AFDC cases were closed during January, a decrease of 7.2 percent from the December closures. In comparison with the same month of the preceding year, the closures showed an increase of 2.7 percent. One hundred and forty (6 percent) of the AFDC cases closed during January were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/ pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand two hundred and one (94 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of February, the Department of Human Services received 4,842 applications for Aid to Families with Dependent Children, a decrease of 993 (17 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year, there was an increase of 254 applications (5.5 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 4,890 AFDC applications during February. This number was 46.5 percent of the total applications on hand. It compares with 47.7 percent of the total number on hand for which investigations were completed during the preceding month and 48 percent for which investigations were completed during the same month of the preceding year. Three thousand three hundred and seventy-eight (69.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 5,183 applicants (47.7 percent of those investigated) approved the preceding month and 3,418 applicants (67.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 3.3 percent from the number approved in January, and a decrease of 1.2 percent from the number approved in February 1988. The rate of approvals for the AFDC Program increased over the preceding month by 1.7 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.5 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during February amounted to $11,812,406.00. This was a decrease of 0.2 percent from the amount of money payments for January, but an increase of 13.6 percent over the money payments for February of the preceding year. Payments were made for 69,615 families with 131,133 children at an average grant of $169.68 per family and $90.08 per child. The average grant decreased from January by $0.05 per family but remained the same per child. In comparison with the same month of last year, the average grant showed an increase of $14.43 per family and an increase of $6.36 per child.

CASES CLOSED Two thousand five hundred and twenty-three AFDC cases were closed during February, an increase of 7.8 percent over the January closures.In comparison with the same month of the preceding year, the closures showed an increase of 16.8 percent. One hundred and fifty-eight (6.3 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand three hundred and sixty-five (93.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of March, the Department of Human Services received 5,485 applications for Aid to Families with Dependent Children, an increase of 643 (13.3 percent) over the number received during February. In comparison with the number of applications received during March of the preceding year, there was an increase of 24 applications (0.4 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,788 AFDC applications during March. This number was 52 percent of the total applications on hand. It compares with 46.5 percent of the total number on hand for which investigations were completed during the preceding month and 57.3 percent for which investigations were completed during the same month of the preceding year. Three thousand eight hundred and ninety-one (67.2 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 3,378 applicants (69.1 percent of those investigated) approved the preceding month and 4,282 applicants (68.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 15.2 percent over the number approved in February,but a decrease of 9.1 percent from the number approved in March 1988. The rate of approvals for the AFDC Program decreased from the preceding month by 1.9 percent and if a comparison is made with the corresponding month of last year,the rate of approvals showed a decrease of 1 percent.

During the month of April, the Department of Human Services received 4,931 applications for Aid to Families with Dependent Children, a decrease of 554 (10.1 percent) from the number received during March. In comparison with the number of applications received during April of the preceding year, there was an increase of 366 applications (8 percent).

This number was 52.3 percent of the total applications on hand.It compares with 52 percent of the total number on hand for which investigations were completed during the preceding month and 51.1 percent for which investigations were completed during the same month of the preceding year. Three thousand six hundred and fourteen (67.3 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 3,891 applicants (67.2 percent of those investigated) approved the preceding month and 3,098 applicants (65.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.1 percent from the number approved in March, but an increase of 16.7 percent over the number approved in April 1988. The rate of approvals for the AFDC Program increased over the preceding month by 0.1 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.6 percent.

Money payments for AFDC during April amounted to $12,116,830. This was an increase of 0.1 percent over the amount of money payments for March, and an increase of 14.4 percent over the money payments for April of the preceding year. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of May, the Department of Human Services received 5,346 applications for Aid to Families with Dependent Children, an increase of 415 (8.4 percent) over the number received during April. It compares with 52.3 percent of the total number on hand for which investigations were completed during the preceding month and 49.8 percent for which investigations were completed during the same month of the preceding year. Three thousand six hundred and twenty-eight (67.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 3,614 applicants (67.3 percent of those investigated) approved the preceding month and 3,150 applicants (67.9 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 0.4 percent over the number approved in April, and an increase of 15.2 percent over the number approved in May 1988. The rate of approvals for the AFDC Program decreased from the preceding month by 0.2 percent and if a comparison is made with the corresponding month of last year,the rate of approvals showed a decrease of 0.8 percent.

Three thousand six hundred and eighty-nine (67.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 3,628 applicants (67.1 percent of those investigated) approved the preceding month and 3,423 applicants (67.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 1.7 percent over the number approved in May, and an increase of 7.8 percent over the number approved in June 1988.
